The road to
your future
begins with
TranSystems.

EXPERIENCE | Transportation

From here to there.

We believe that no industry impacts the quality of everyday life more than transportation.

The Way We See It

Bridges, highways, ships, warehouses, hangars, railroads and ports are more than concrete and steel. We envision them as a living entity – a vast circulatory system designed not only to be utilized, but also to inspire and energize the people it serves.

At TranSystems, transportation is our sole focus. It's also our passion. With each new challenge, our aim is to fuel our clients' deeper appreciation of the promise and the power of transportation; and to partner with them in realizing the full potential of this most fundamental of industries. In doing so, we deliver the entire transportation experience.

What We Offer

- ▶ Great clients
- ▶ Exciting projects
- ▶ Respected colleagues
- ▶ Challenging environment
- ▶ Opportunity to learn and excel
- ▶ Competitive benefits & compensation
- ▶ The latest technology

By pursuing a career with TranSystems, the opportunities are almost endless. We offer positions in Architecture, Engineering, Planning, Construction Services, Management and Supply Chain Consulting, Real Estate Consulting, Security Consulting and more.

We're looking for co-ops, interns and full-time civil engineers, mechanical engineers, architectural engineers, structural engineers, traffic planners, environmental engineers, planners, surveyors, roadway designers, architects and interior designers, and more.

Name-Dropping 101

Yes, we're quite proud of our client list and our project portfolio. We've been retained to design some pretty amazing facilities for some pretty impressive companies. Among them:

- ▶ American Airlines
- ▶ BNSF Railway
- ▶ Chevron-Phillips
- ▶ DaimlerChrysler
- ▶ Dept. of Homeland Security
- ▶ FedEx
- ▶ Hertz
- ▶ Home Depot
- ▶ Hudson News
- ▶ Kraft
- ▶ NOAA
- ▶ Norwegian Cruise Lines
- ▶ O'Hare International Airport
- ▶ Pepsi-Cola
- ▶ Port Authority of New York-New Jersey
- ▶ Union Pacific Railroad
- ▶ Wal-Mart

Our Favorite Non-Profit, *Racing for Kids*

Drivers along the IndyCar and NASCAR professional racing circuit volunteer to visit sick children in each city's children's hospital. The work they are doing brings cheer to children otherwise trapped in the rigors of treatment and worry. TranSystems participates in fund-raising, event sponsorship, and a yearly employee contribution campaign. And...**Racing for Kids** is smack in the middle of transportation! We're proud to be associated with them. TranSystems employees are a generous bunch, contributing to the community in many ways through many non-profits.
